*Only the host needs to own this DLC.*

2-8 Players | Ages 8+

10-15 Minutes

## **About NOIR**

NOIR is a game of hidden identities and deduction. Each player receives a secret identity from among 25 suspects and an open role that determines his available moves and victory conditions.

For example in 'Killer vs. Inspector' mode The Killer plays by eliminating players, focusing more on intuition and reading his opponent. The Inspector uses secret information and his ability to accuse suspects to create a play style more focused around logical elimination of possibilities.
